

TO Data Feed

Update for SOS / OC Meetings
July/August 2014

- Package solution identified
- General consensus on:
 - Elimination of current confidentiality agreement process
 - Confidentiality provisions to be included in Operating Agreement
 - TO requesting real time generator data external to TO zone must confirm that generator:
 - is in current TO EMS model, or,
 - will be in TO EMS model due to expansion of model by TO

- Draft Operating Agreement and M14D language updated and posted 7/24/2014
- PJM requesting feedback / comments by 8/5/2014
- Targeting review of final versions at 8/18/2014 meeting
- Additional meeting scheduled – 8/25/2014
- Package to OC / MRC in Sept / Oct
