eDART (Dart) Refresh											
		◆		◆							◆
		PJM CLI Go-live: Mar 17		Phase 2: Minor Enhancements/Fixes							Retire filetransfer.jar and Legacy URLs

Legend

- Start Date
- ◆ End Date

- eDART Forum is on March 15
- eDART XML Forum on March 15

With the eDART refresh, management of eDART accounts will be migrated to Account Manager.

In preparation for that:

- Use Account Manager User ID for new eDART account requests.
- Update email addresses for existing accounts.
- Clean up dormant and invalid accounts.

Key Take-away:

- The Phase 1 transition to PJM CLI Integration is expected to be completed March 17
- Phase 2 consists of minor enhancements and fixes
- An updated User's Guide and training will be provided for each phase
- The filetransfer.jar and legacy URLs will be retired in December 2021

More details available in [October 2020 eDART XML Forum presentation](#)

Product Details

eDART (electronic Dispatcher Application and Reporting Tool) is a suite of electronic applications used to facilitate dispatcher-to-dispatcher communications, along with other engineering communication and coordination functions.
