

# Webex Participant Identification

Displaying your first and last name is a **requirement** when joining all stakeholder meetings.

1. Verify that your first and last name are entered properly on the top left of the Join Meeting page.

2. If your first and last name are not displayed correctly, click the pencil icon to change it.

If you do not see the option to change your name on the Join Meeting page, and it is displaying incorrectly once you join the meeting, please contact PJM Meeting Support: [\*\*PJMMeetingSupport@pjm.com\*\*](mailto:PJMMeetingSupport@pjm.com)
