

PJM 2017 Planned Work - DRAFT
July 11, 2016

This document contains a high-level draft of planned work for 2017. As PJM is still in its planning process for 2017, this document should be considered a draft and is likely to change. Changes will be communicated via the Tech Change Forum.

Definitions

Type

- Enhanced Functionality: Application functionality will be enhanced.
- Application Refresh: Application will be refreshed. Impacts to UIs, UI-based processes and browserless interfaces should be expected.

Expected 2017 Impact. Level of impact to expect from this initiative in 2017.

- Low: Overall impact is expected to be minimal. UI enhancements made. No required browserless interface changes.
- Medium: Some impact to UI. Moderate impact to UI-based processes. Expect browserless interfaces will requiring modification.
- High: Significant impact to UI and/or browserless interface changes required.

<u>ID</u>	<u>Initiative Name</u>	<u>Type</u>	<u>Expected 2017 Impact</u>	<u>Functions Impacted</u>	<u>Impact Description</u>
31768	5 Minute Market Settlements	Enhanced Functionality	High	UI & Browserless	
31536	Intraday Offers	Enhanced Functionality	High	UI & Browserless	
31339	eDART Refresh 2017	Application Refresh	Medium	UI & Browserless	Some functionality impacted in 2017. Will extend into 2018
31022	eRPM Tool Refresh	Application Refresh	High	UI & Browserless	Refresh Completed in 2017
31251	OASIS Refresh	Application Refresh	Medium	UI & Browserless	Some functionality impacted in 2017. Will extend into 2018
31463	Data Miner_2016	Application Refresh	Low	UI & Browserless	New option to retrieve data
31006	Planning Datasheet Phase 2a	Enhanced Functionality	Low	UI	
32961	ExSchedule Enhancements	Enhanced Functionality	Medium	UI & Browserless	
31458	Other Tools Enhancements	Enhanced Functionality	Medium	UI & likely Browserless	Small enhancements to tools such as PowerMeter, InSchedule, etc
30998	Coordinated Transaction Scheduling MISO	Enhanced Functionality	Low	UI & Browserless	Usage only required based on transaction types used
32856	eCredit Enhancements	Enhanced Functionality	Low	UI & Browserless	
25750	eDART Enhancements Pipeline	Enhanced Functionality	Medium	UI & Browserless	
31432	Member Community Enhancements	Enhanced Functionality	Low	Optional functionality	
33060	Demand Response Enhancements	Enhanced Functionality	Low	UI	
	Tools Security	Enhanced Functionality	Medium	UI
