

Day-Ahead Market Results Posting

Todd Keech
Markets Applications

- Day-ahead market results are available in several PJM systems
 - Markets Gateway
 - Data Miner
 - PJM.com
 - eDataFeed / Data Viewer
- Prior to 4/1/2016 - Day-ahead results were made available in all systems at 16:00
- After 4/1/2016
 - Day-ahead results are made available immediately
 - Data transfers between PJM systems cause day-ahead results to become available in each system at different times
- Review and gather feedback on PJM recommendation to alleviate data availability concerns

- Option 1 – Synchronize systems to release day-ahead results simultaneously
 - Benefit
 - Day-ahead results available in all systems at the same time
 - Drawback
 - Results may be delayed due to issues with any one data transfer

- Option 2 – Establish firm posting order
 - Benefit
 - Day-ahead results available in systems in a prescribed order
 - Drawback
 - Participants may need to implement system changes

- eDataFeed/Data Viewer: 4-5 minutes
