

PJM.com Roadmap

As of November 30, 2016

PJM.com is PJM's corporate website and the hub of all information about PJM and tools used by PJM to coordinate with the members

Key Product Features

- Meeting/Event/Training Registration, Secure Content Areas, Forms
- Maps, Manuals, Filings & Orders, Reports, Daily Postings

Planning Section Refresh

- Develop additional functionality based on user interviews
- Reorganize content to provide more intuitive areas of information for users

Web-based Manuals

- Replace PDF manuals with web-based Manuals to provide a better user experience while making back-end Manuals management more streamlined

CEII Secure Content Access

- Automate the process of requesting and provisioning CEII access through PJM.com and Account Manager
