

# Intraday Offers

Kim Warshel  
January 24, 2017

- In June 2015, FERC established a FPA section 206 proceeding in Docket No. EL15-73-000
- PJM made subsequent compliance filings detailing plans to allow market participants to submit day-ahead offers that vary by hour and to update their offers in real time, including during emergency situations
- Detailed market rule discussions occurred in the Generator Offer Flexibility Senior Task Force in 2015

- New Intraday Train environment became available on Dec. 21st
  - Dedicated environment separate from Production Train
  - Additional Materials are available on the Markets Gateway Tools Page
    - Updated External Specification Guide
    - Intraday Offers Frequently Asked Questions Document
      - Accessing the IDO Training Environment
      - Market Rule Changes
      - XML/Browserless Information & Examples
  
- Requesting volunteer companies willing to assist with early testing and data creation. Please contact your client manager or email [custsvc@pjm.com](mailto:custsvc@pjm.com).

91 -99

## Schedule IDs Allowed in Intraday Offers

Cost Based Schedules:  
1-9

Price Based PLS Schedule:  
79

Price Based Schedule:  
99

- The implementation of Intraday Offers will limit the schedule IDs that can be created and used
- Schedules not in the new list will not be able to be made available in Markets Gateway
- Members are urged to begin using the IDO schedule IDs at their earliest convenience to minimize the impact at time of implementation
