

Intraday Offers

Kim Warshel
February 27, 2017

- In June 2015, FERC established a FPA section 206 proceeding in Docket No. EL15-73-000
- PJM made subsequent compliance filings detailing plans to allow market participants to submit day-ahead offers that vary by hour and to update their offers in real time, including during emergency situations
- Detailed market rule discussions occurred in the Generator Offer Flexibility Senior Task Force in 2015

- On Feb. 3rd, FERC accepted our compliance filing with minimal changes, with an additional compliance filing due in 30 days (March 6th)
- New Intraday Train environment became available on Dec. 21st
 - Dedicated environment separate from Production Train
 - Additional Materials are available on the Markets Gateway Tools Page
 - Updated External Specification Guide
 - Intraday Offers Frequently Asked Questions Document
 - Accessing the IDO Training Environment
 - Market Rule Changes
 - XML/Browserless Information & Examples
- Requesting volunteer companies willing to assist with early testing and data creation. Please contact your client manager or email custsvc@pjm.com.

Schedule IDs Currently Allowed

Cost Based Schedules:
1-69, 80-89

Price Based PLS Schedules:
70-79

Price Based Schedules:
91 -99

Schedule IDs Allowed in Intraday Offers

Cost Based Schedules:
1-9

Price Based PLS Schedule:
79

Price Based Schedule:
99

- The implementation of Intraday Offers will limit the schedule IDs that can be created and used
- Schedules not in the new list will not be able to be made available in Markets Gateway
- Members are urged to begin using the IDO schedule IDs at their earliest convenience to minimize the impact at time of implementation
