

PJM/MISO Cross Border Queue Coordination

- PJM projects are currently under study by MISO and were submitted on April 15, 2015
- Coordinated procedure indicates MISO to respond with results by September 1, 2015
 - **MISO has indicated they are on target to meet this date**
- Previous studies completed are listed under the JCM meeting materials
- PJM and MISO working to add page(s) to the JCM website to maintain a listing active on the site for all projects which have completed studies and are currently undergoing evaluation

PJM New Service Queue Projects Under Study by MISO

Queue Position	Project Name	MW	MWC	MWE	Fuel Type	State	Transmission Owner
X1-020	Dumont-Greentown 765kV	1500	195	1500	wind	IN	AEP
Y2-103	Zion Energy Center	945	360	360	natural gas	IL	ComEd
Y3-013	Zion Energy Center	945	90	0	natural gas	IL	ComEd
Y3-073	W.H. Zimmer Station	1350	50	50	coal	OH	DEOK
