

MISO Interface Pricing Analysis

MISO-PJM Joint and Common Market

November 8, 2013

Update

- **Evaluating impacts on FTR revenue adequacy**
 - Potential increase of flow impacts from previously awarded FTRs sourcing or sinking at the PJM interface
 - Estimate completion by November 2013
- **Revision of definition based on additional validations and stakeholder inputs**
 - Recent operations and market outcomes
 - Anticipated retirement of one of more selected generators
- **Exploring implementation timeframe in alignment with MISO quarterly model update**
 - Current options: 03/01/2014 or 06/01/2014
