

AEP Modification of Settlement Area Definition

Demand Response Subcommittee
10/22/2014

- AEP to split into 4 settlement areas for load
 1. Indiana Michigan Power Company
 2. Kentucky Power Company
 3. Ohio Power Company
 4. Appalachian Power Company
- Effective June 1, 2015

- Energy Settlements will be at 4 new nodes based on operating company
 - CSP will select the pricing point in eLRS
 - One EDC for each of 4 operating companies
 - New EDC/pricing points will be in place before 2015/16 registration period opens in January
 - Names/descriptions of pricing points will be announced before January
 - Energy settlements only
- No effect on RPM, compliance etc.

- Effective date after May 31, 2015
 - Choose correct pricing point
 - Choose EDC based on operating company
- Spans June 1, 2015
 - Terminate as of 5/31/2015
 - Create new registration with effective date 6/1/2015
 - Choose correct EDC/pricing point
 - Aggregates spanning multiple settlement areas in AEP will have to be separated
