

Demand Response Subcommittee (DRS)
In-Person, Conference Call/Webex
March 24, 2015
9:30 a.m. – 11:45 p.m. [EST]

Administration

1. Welcome, announcements and Anti-trust and Code of Conduct announcement
 - A. Roll was called.
 - B. There were no additional changes to the 02/24/2015 meeting minutes except one participant's company was corrected.
 - C. There were no additional agenda items identified.
 - D. Brief update/discussion of DR related activity in other stakeholder groups:
 - a. MIC – Residential M&V changes were approved at MIC. First read at March MRC and endorsement at MRC/MC expected in April.
 - b. MRC – M18 changes for Capacity Performance will have a first read.

Change in DR Forecast Methodology for RTEP

2. Mr. Tom Falin, PJM, advised the DRS of changes to DR Forecast Methodology being endorsed at the next MRC. The current forecast method uses DR cleared in the BRA for years 4 through 15. A more accurate forecast method has been identified which will use the final committed DR MW data (net of replacement) instead of the cleared amount.

DR Activity Report

3. Mr. James McAnany, PJM, presented the DR Activity Report which includes the preliminary 2015/2016 registration data. There are tables that show the breakout by zone for product, lead time and product subtype (known as Resource Type in eLRS). The Cold Days report was also discussed briefly as there were no Load Management events to report. The Cold Days report was posted with the DRS materials after the meeting.

Preparation for upcoming BRA

4. Ms. Terri Esterly, PJM, reviewed the process for the upcoming BRA based on filings with FERC. There are no changes to the DR Sell Offer Plan format for Stop Gap. DR Products are now modeled together for coupled offers instead of separately. If the Stop Gap is approved and is implemented (Supreme Court rejects cert for EPSA case), there will be an opportunity to change DR Sell Offer Plans into WLR Sell Offer Plans.

The following dates for the 2018/2019 BRA were highlighted:

- 4/06/2015 – DR Pre-Registration Window Opens
- 4/16/2015 – DR Setup Window Opens
- 4/17/2015 – DR Sell Offer Plans and Officer Certification are due

5/11/2015 – BRA Sell Offer Window Opens

DR Stop Gap Filing

- Mr. Pete Langbein, PJM, discussed changes from the last DRS regarding implementation issues with DR Stop Gap (which may only go into effect if Supreme Court rejects cert for EPSA case). There is a new Q&A section that provides additional information. If the Supreme Court does not rule (expected late April/early May) by the start of the BRA, the BRA will proceed with the current rules.

Future Agenda Items

No additional items were identified.
