## 7. Task List Updates (9:40 – 9:55)

Communication Updates/PJM Manual 1:

- The DTS was informed that both Task Lists were updated based on the discussion from the June and July DTS meetings regarding changes to TO Task 4 (Directive language) and the communication tasks (TO Task 15 and Gen Task 14) to reflect the updates to PJM Manual 1.
- Ms. Maureen Curley also provided a brief update on the LMS Task Tracking Module related to the numbering change for the Company Specific Load Shed task (previously 4.3). PJM will be reaching out to each of the companies/Training Liaisons as the updates are documented in the LMS.

TO Task List Update – *Enabling Objective 6.2*:

- One additional small revision was also reviewed with the DTS regarding the TO Task List. EO 6.2 currently reads “Compile & submit a Supplementary Status Report (SSR)” on the TO Task List. Since the TOs no longer prepare and submit an SSR, PJM suggested the removal of this enabling objective to better reflect the role of the TO.
- The DTS was informed that SSRs would still be discussed during Transmission ITP but the learning objectives were updated to cover the purpose and importance of SSRs. Removal of Enabling Objective 6.2 would have no impact to the DTS (PJM has adjusted training and task linkages as required).

**Note:** A revised copy of both Task Lists has been posted to the DTS page on [pjm.com](http://pjm.com):

  - The DTS was asked to provide feedback on the Draft 2017 Calendar which currently does not include a January offering of Transmission & Generation ITP.

- DTS Members were asked to provide input if it was determined the calendar would pose a scheduling problem with their annual training plans.
- Both the Transmission & Generation ITP will be available online with the option to complete the requirement via this method if needed.
- Train the Trainer Topics
  - The DTS was informed that the 2016 Train the Trainer is scheduled for the last week of November and PJM would like feedback on topics which would be valuable and of interest to the DTS.
  - Topic items can be emailed to Anita Patel ([Anita.Patel@pjm.com](mailto:Anita.Patel@pjm.com)), Maureen Curley ([Maureen.Curley@pjm.com](mailto:Maureen.Curley@pjm.com)) or [TrainingSupport@pjm.com](mailto:TrainingSupport@pjm.com).
