

Reliability Standards and Compliance Subcommittee FERC Update

Bill Temple
January 15, 2016

FERC NOTICE OF TECHNICAL CONFERENCE (CIP)

- FERC will hold a technical conference on CIP Supply Chain Risk Management **on January 28, 2016**
- Conference will focus on CIP Supply Chain Risk Management issues identified in the Notice of Proposed Rulemaking (NOPR)
 - *FERC* directed NERC to develop a new Reliability Standard or modified Reliability Standard to provide security controls for supply chain management for industrial control system hardware, software, and services associated with BES operations
- The conference will be webcast
- Registration: <https://www.ferc.gov/whats-new/registration/01-28-16-form.asp>

FERC NOTICE OF TECHNICAL CONFERENCE (GMD)

- FERC will hold a Commission staff-led technical conference on Reliability Standard for “Transmission System Planned Performance for Geomagnetic Disturbance (GMD) Events” on issues identified in the Notice of Proposed Rulemaking (NOPR) and subsequent public comments **on March 1, 2016**
- The technical conference will facilitate a structured dialogue on GMD-related topics, including : (1) the benchmark GMD event(s); (2) vulnerability assessments; and (3) monitoring of related parameters
- The conference will be led by Commission staff, with prepared remarks to be presented by invited panelists,
- Comments must be submitted to the Commission in advance of the conference
- The conference will be webcast
- Registration: <https://www.ferc.gov/whats-new/registration/03-01-16-form.asp>

Next Open Commission Meeting scheduled for January 21st
