CIP-014 Unaffiliated Third Party Review

- CIP-014 process developed by Physical Security Working Group in 2015
- PJM Volunteered to act as the Unaffiliated Third Party to review and verify all CIP-014 analysis performed by any PJM TO
- PJM will be distributing critical IROL facilities to all impacted TO's shortly
- PJM will provide a specific case to be used in this analysis

CIP-014 Unaffiliated Third Party Review

- Any Transmission Owner wishing to utilize PJM as the unaffiliated third party for review of analysis must submit that request in the form of a completed PJM CIP-014 Template by October 2, 2017
