EL10-49-000, \( et \ al. \)^3 Attachment H-16AA provides for a settlement credit to be paid by Dominion to the Settling Parties\(^4\) over a period of ten years commencing upon the effective date of the Agreement. \(^2\) 18 C.F.R. §§ 35.1, \( et \ seq. \) (2011).

\(^3\) Pursuant to Order No. 714, this filing is being submitted by PJM on behalf of Dominion as part of an XML filing package that conforms with the Commission’s regulations. PJM has agreed to make all filings on behalf of the PJM Transmission Owners in order to retain administrative control over the PJM Tariff. Thus, Dominion has requested PJM submit this Attachment H-16AA in the eTariff system as part of PJM’s electronic intra PJM Tariff.

\(^4\) The Settling Parties in Docket Nos. EL10-49-000, \( et \ al. \), are Dominion, Old Dominion Electric Cooperative (“ODEC”), North Carolina Electric Membership Corporation (“NCEMC”), Northern Virginia Electric Cooperative, Inc. (“NOVEC”), Central Virginia Electric Cooperative (“CVEC”) and Virginia Municipal Electric Association No. 1 (“VMEA”). PJM also joins in the Agreement as a signatory only with respect to its concurrence with the administrative matters addressed in Article Five, Article Six, and Appendix F of the Agreement regarding amendment of the PJM Tariff and monthly financial settlement. PJM will not receive a settlement credit.
Docket Nos. EL10-49-000, et al., approving the Agreement without modification or omission, or such other date established by the Commission upon acting on the Agreement, pursuant to the terms of Section 8.2 of the Agreement.

BACKGROUND

Dominion Resources, Inc. (“DRI”) is a public utility holding company under the Public Utility Holding Company Act of 2005. Dominion is a wholly-owned, direct subsidiary of DRI. Dominion has a generation portfolio of more than 18,000 megawatts, which is transmitted over approximately 6,100 miles of electric transmission lines in Virginia, North Carolina and West Virginia and approximately 56,700 miles of electric distribution facilities in Virginia and North Carolina. Dominion integrated its facilities into PJM on May 1, 2005.5

As Dominion is a transmission-owning member of PJM, the annual rates for Network Integration Transmission Service in the Dominion Zone are set forth in Attachment H-16 of the PJM Tariff. Attachment H-16 has been a part of the PJM Tariff since Dominion’s integration as a transmission owning member of PJM on May 1, 2005.7 Dominion is a Commission-regulated public utility under the Federal Power Act (“FPA”) and as such, has the right to file changes to its applicable rates and charges unilaterally pursuant to Section 7.1.1 of the PJM Transmission Owners Agreement8 providing for the individual Section 205 filing rights of each PJM transmission owner with respect to its transmission revenue requirements as follows:

Each Party shall have the exclusive right to file unilaterally at any time pursuant to Section 205 of the Federal Power Act to establish or change the transmission revenue requirement for services provided under the PJM Tariff with respect to its Transmission Facilities (regardless of whether such revenue requirement is used to support rates and charges for delivery within its Zone or outside its Zone). This right includes, but is not limited to, the right to file a transmission revenue requirement, or a revenue requirement that is based on incentive or performance-based factors.

On January 15, 2010, in Docket No. ER09-545-000, Dominion submitted as an informational filing to the Commission its Annual Update as required by the Formula Rate Implementation Protocols for its formula transmission rate. The Annual Update included Dominion’s 2010 Annual Transmission Revenue Requirement (“ATRR”) and NITS for 2010. On March 17, 2010, in Docket No. EL10-49-000, ODEC and NCEMC filed a complaint against Dominion, alleging that certain costs are improperly included in Dominion Virginia Power’s 2010 ATRR (“Complaint”). The Staff of the Virginia State Corporation Commission (“VSCC Staff”), VMEA, PJM, NOVEC, CVEC, the North Carolina Utilities

Commission (NCUC), and the Public Staff of the NCUC intervened in the proceeding. The NCUC, the Public Staff-NCUC, and CVEC filed comments in support of the Complaint.

On October 4, 2010, the Commission issued an order dismissing a portion of the Complaint, establishing a trial-type evidentiary hearing and settlement judge procedures for a portion of the Complaint addressing the costs of certain facilities, and reserving for briefing by all parties and Commission determination the issue of whether to exclude the incremental costs of undergrounding certain projects.2 Pursuant to the October 4 Order, the participants to the proceeding participated in settlement conferences on November 1, 2010, February 22, 2011, April 4, 2011, May 4, 2011, and October 21, 2011 before the Honorable Karen V. Johnson, and have agreed to the terms set forth in the Agreement filed today in Docket Nos. EL10-49-000, et al. The NCUC, the Public Staff-NCUC and the VSCC Staff are not signatories to the Settlement Agreement, and Dominion is authorized to state that they do not oppose the Settlement Agreement.

INSTANT FILING

Article Five of the Agreement establishes a settlement credit to be paid by Dominion to the Settling Parties over a period of ten years commencing upon the Agreement Effective Date. The annual sum of the settlement credit is $250,000.08 (the sum of the monthly amounts in Attachment H-16AA, multiplied by 12 months), which will be distributed to the Settling Parties as provided in Attachment H-16AA. Under no circumstances will any wholesale customers in the Dominion Zone be charged for any portion of the $250,000.08 in annual credits paid under Attachment H-16AA. Article Six of the Agreement provides that contemporaneous with the filing of the Agreement, Dominion will cause a filing to be made under Section 205 of the FPA adding Attachment H-16AA to the PJM Tariff to provide for the credits and charges set forth in Section 5.1 of the Agreement.

Pursuant to Articles Five and Six of the Agreement filed today in Docket Nos. EL10-49-000, et al., Dominion hereby submits for filing Attachment H-16AA, which is in the form set forth in Appendix F of the Agreement.

PROPOSED EFFECTIVE DATE

 Dominion respectfully requests that the Commission permit Attachment H-16AA to become effective on the Agreement Effective Date, which is the date of the Commission’s order in Docket Nos. EL10-49-000, et al., approving the Agreement without modification or omission, or such other date established by the Commission upon acting on the Agreement. To the extent necessary, Dominion hereby waives the 60-day deadline for Commission action on this filing. Dominion respectfully requests that the Commission specify in its order what, if any, action is required to implement the effective date approved by the Commission.
