January 28, 2013

The Honorable Kimberly D. Bose
Secretary
Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, DC 20426

Re: American Transmission Systems, Incorporated
Docket No. ER13-207-000
Notice of Cancellation of Service Agreement No. 2814
Interconnection Operating Agreement with Bio Energy (Ohio II) LLC

I. Background and Justification for Cancellation

The agreement was originally filed with the Commission on July 1, 2011 in Docket No. ER11-3991-000. It was filed in connection with the integration of ATSI into PJM. The Commission accepted the agreement on July 29, 2011.

The agreement has been superseded and replaced by Original Service Agreement No. 3407 under the PJM OATT. Service Agreement No. 3407 is an interconnection service agreement between PJM, ATSI and Bio Energy (Ohio II) LLC. It was accepted by the Commission on December 5, 2012 in Docket No. ER13-314-000. Because the agreement has been replaced by new Service Agreement No. 3407, the parties wish to cancel the agreement.

II. Effective Date and Request for Waiver

ATSI requests waiver of the 60-day notice requirement contained in section 35.3 of the Commission’s regulations, and respectfully requests an effective date of January 29, 2013 for the cancellation. Waiver is reasonable because the agreement is no longer being used by the parties to provide service.
III. Communications and Service

Communications and correspondence with respect to this matter should be addressed to the following individuals, and the following should be included on the official service list for this proceeding:

Randall B. Palmer  Richard P. Sparling
Senior Corporate Counsel II  Alston & Bird, LLP
FirstEnergy  950 F Street, NW
800 Cabin Hill Drive  Washington, DC 20004
Greensburg, PA  15601  (202) 239-3300
(724) 838-6894  richard.sparling@alston.com
rpalmer@firstenergycorp.com

IV. Conclusion

For the reasons stated herein, ATSI respectfully requests that the Commission accept this Notice of Cancellation.

Respectfully submitted,

/s/ Richard P. Sparling
