Dear President Fiordaliso,

Thank you for your correspondence dated May 5, 2023 wherein the Organization of PJM States, Inc. (OPSI) provided its feedback on terms and conditions of the contract between Monitoring Analytics, Inc. and PJM Interconnection, LLC. Your feedback is greatly appreciated. As I've referenced previously, we will be posting a document that encapsulates all feedback received, both oral and written, without attribution. We'll be sure to include the feedback provided in your letter within that document. From there, the PJM Board of Managers will discuss next steps and I am happy to continue to engage with OPSI as this process advances.

Sincerely,

David Mills  
Chair, PJM Board Competitive Markets Committee
