

Distributed Energy Resources Subcommittee Monthly Progress Report

May 26, 2020

1. Public Distribution Microgrids

Issue Status

In Progress

Target Completion

2020Q3

Progress Update

PJM staff presented additional changes to Package C at the group's May 18, 2020 meeting. PJM staff are currently at work producing draft Manual and Tariff language (if needed) to cover Package C for the group's consideration. The aim is to review the Package with accompanying language and progress towards a vote following the August 3, 2020 DERS meeting.
