## 1. MIC Special Session: Behind the Meter Generation Business Rules on Status Changes

### Issue Status

- a. Education was provided at a Special Session meeting on March 30, 2021.
- b. Additional MIC Special Session meetings are scheduled for April 30, 2021 and June 3, 2021.

### Target Completion

August 2021

### Progress Update

- A) The [Behind the Meter Generation Business Rules on Status Changes Issue Charge](#) was endorsed at the October 7, 2020 MIC meeting. Education on the existing Behind the Meter Generation business rules related to status changes was provided at the December 2, 2020 MIC meeting. Due to its complexity, this topic was sent to MIC Special Session meetings to be worked in greater detail before coming back to the MIC.
- B) During the March 30, 2021 Special Session Meeting, PJM presented education on topics relevant to the existing business rules included in the area of the draft Gap Analysis Matrix titled "Designate Capability as Generation Capacity Resource and/or Energy Resource". Proposed manual and tariff language for this first area will be reviewed during the April 30, 2021 meeting and education will be provided for the second area of the draft Gap Analysis Matrix titled "Designate Capability as PJM Load Response".
