

Friendly Amendment to NUCRA

April 27th, 2022

Presented By: Amber Thomas

Purpose of Network Upgrade Cost Responsibility Agreement (NUCRA)

- The NUCRA is a cost responsibility agreement for Project Developers that have been assigned cost allocation for shared system upgrades (e.g. *Common Use Upgrades*) necessary for the interconnections of their new service requests.
- PJM determines the cost allocation to be assigned to each responsible Project Developer for the shared system upgrades.
- The TOs are not assigned any responsibilities within the NUCRA.

As such, Exelon proposes a Friendly Amendment to remove the TO from being a party to the NUCRA.

Friendly Amendment - Modify Parties to the NUCRA

- Friendly Amendment does not change the PC endorsed PJM IPRTF Package.
- Purpose of Friendly Amendment
 - Remove the TO from being a party to the NUCRA since TO has no responsibilities in the agreement
 - Include TO acknowledgement that the NUCRA has been reviewed by the TO
- Snapshot of Friendly Amendment
 - “This Network Upgrade Cost Responsibility Agreement (“NUCRA”) including the Schedules and Appendices attached hereto and incorporated herein, is entered into by and between PJM Interconnection, L.L.C. (“Transmission Provider” or “PJM”) and the following Project Developers. ~~and the Transmission Owner:~~”
 - Addition - “**The signature below of the authorized officer of the Transmission Owner is for the limited purpose of acknowledging that an authorized officer of said Transmission Owner has read this Agreement as of this ___ day of ____, 20__.**”

Thank you
