

Regulation Market Design Monthly Progress Report

7/25/22

1. Regulation Market Design

Issue Status

The RMDSTF is currently developing design components and the solution options for the design components.

Target Completion

March 2023

Progress Update

The RMDSTF spent the May and June meetings completing interest identification and began developing design components as well as their solution options.

The July meeting will continue developing design components, their priorities, and additional solutions.

Action Requested (if necessary)

Stakeholders should be prepared to offer design components and solution options, if desired.
