

Clean Attribute Procurement Senior Task Force Monthly Progress Report

September 19, 2022

1. Procurement of Clean Resource Attributes

Issue Status

Evaluation in Progress

Target Completion

June 2023

Progress Update

The senior task force has completed education on existing clean energy market design concepts and gathering stakeholder interests. Recently, the CAPSTF began working on the design components phase of CBIR. The group is also discussing the scope and approach to running analysis on eventual market design solutions.
