The Special Session of the Market Implementation Committee: Fuel Cost Policy Enhancements approved the draft minutes from the May 29, 2020 meeting.

KWA#4 - CBIR Process

Gary Greiner, PSEG, reviewed their proposal for KWA#4. Stakeholders, PJM and the IMM provided additional comments around the proposal. Two additional options to address Cost Based Offers Over \$1000 and Temporary Fuel Cost Policies were identified by the participants and clarification that Market Seller will have the functionality to overwrite the PJM supplied fuel cost with their own value for verification purposes was added to the Fuel Cost option and the PSEG proposal. The [matrix](#) was revised to include these items.

Bhavana Keshavamurthy led the continuing discussion to solicit any further options and feedback from stakeholders as part of the CBIR process. It was decided that PJM would formulate a set of questions with input from PSEG, around PSEG's Information Only Cost Based Offer Calculator. These will be distributed to the stakeholder's for review and discussion at our next meeting on July 24th.

Meeting Recap and Future Agenda Items

Bhavana Keshavamurthy reviewed action items and next steps:
