

A decorative graphic of thin, overlapping wavy lines in shades of grey and white is positioned at the top of the slide, above the title.

System Operations Subcommittee Update

Paul Dajewski

Sr. Lead Reliability Engineer, Reliability Engineering
Operating Committee

July 15, 2021

- PJM SOS Summary
 - 21 PCLLRWs
 - 2 Non-Market PCLLRW
 - 2 High System Voltage Actions
 - 2 Synchronized Reserve Event
 - June 21, 2021: loss of unit
 - 7 minutes in duration
 - June 22, 2021: loss of unit
 - 5 minutes in duration
 - 5 Hot Weather Alert Event

eDART Browserless Refresh Update

- Phase 1, transition to PJMCLI, completed in eDART Training and Production
- Phase 2 = Minor enhancements and fixes; expected to be completed in eDART **Training on July 1** and **Production on July 14**
 - Updated XML documents: <https://pjm.com/pub/etools/edart/xml/docs/xmldoc.html>
 - May eDART XML Forum materials: <https://pjm.com/committees-and-groups/forums/edart-forum.aspx>
- An updated User's Guide and training will be provided for each phase <http://www.pjm.com/pub/etools/edart/xml/docs/dart-browserless-user-guide.pdf>
- The filetransfer.jar and legacy URLs will be retired in December 2021

External eDART Files to ZIP Conversion

- Conversion of eDART files (.txt and .csv) available on pjm.com to zip files in **Training on July 22** and **Production July 29**.
 - Files were designed to be read by users but several users are currently using programs to scrape the data.
 - Due to the size of some of the files, users receive only partial files when downloading the files from pjm.com.
 - Conversion to zip files will reduce the data transfer size for users.
 - No changes to the current files links expected.
 - Files are available via the Public Files report in eDART.
 - Information in some of the files also available via XML downloads in eDART.

Other Discussion Topics

- eDART Dynamic Line Ratings Enhancements were implemented on **May 27**.
 - Release notes: <https://pjm.com/markets-and-operations/etools/edart/edart-release-notes>
- Companies interested in using the Company Distributed Workflow (CDW) functionality should contact the eDART team for demo and set up requirements.

- **Dispatcher Training Subcommittee**

- Virtual sessions and online training will continue until at least **September**
- “Office hours” are available for members to ask questions about training materials
 - Register in the LMS under the Class Schedule section
- Additional self-study simulation training opportunities have been released
 - The number of simultaneous users will be limited
 - Register for the course in the LMS and get onto the waitlist as soon as possible
- The 2021 mid-year program evaluations were sent out to the DTS company accounts in the LMS
 - Please provide feedback or suggestions for training topics
- Reach out to State and Member Training to inquire about additional CEH hours for member operators
- For companies interested in using the PJM LMS to deploy company-specific training to operators, please contact TrainingSupport@pjm.com

- **Operator Seminar**

- Topics traditionally covered during the seminar were made available online in May

- Draft training plans: <https://www.pjm.com/-/media/training/2021-draft-training-plan.ashx>

- **Drill Dates**

- Monthly planning meetings for 2021 GridEx VI drill have started

- The point of contact for the drill is Ed Figuli, Edward.Figuli@pjm.com.

OC AGENDA OVERLAP

- Regional Standards, NAESB, and Compliance Update

- Manual Changes (03A, 13)
- COVID-19 Updates

- Generating Facility Cold Weather Operating Limits Periodic Survey
