

Fuel Assurance for Black Start Resources MRC Tariff and Manual Update (For Information Only)

Tom Hauske/David Kimmel
Operating Committee
October 7, 2022

- During the Fuel Assurance for Black Start Resources Special Sessions on September 16 there were a number of questions and suggested updates on the Tariff and manual language posted for the September 21 MRC.
- PJM has updated the Tariff and manual language and posted the updates at this MIC for Stakeholder information prior to the October MRC endorsement.

- Open Access Transmission Tariff
 - Schedule 6A
- Manual 12: Balancing Operations
 - Section 4.6: Black Start Service
- Manual 27: Open Access Transmission Tariff Accounting
 - Section 7.3: Black Start Service Charges
- Manual 14D: Generator Operational Requirements
 - Section 10.3.5
- All changes to Tariff and manual language from the MRC posted version has been highlighted in yellow
