

# Interconnection Process Workshop

Ken Seiler, Vice President - Planning

Planning Committee

October 6, 2020

- **Grid of the Future:** PJM is committed to advancing towards the grid of the future
- **Queue Evolution:** the future grid will evolve to include more renewable and storage resources as evidenced by PJM's interconnection queue
- **Listening to our Stakeholders:** PJM stakeholders have expressed a desire to analyze interconnection process reform

- Session 1: A Review of the Interconnection Process
- Session 2: Stakeholder Presentations
- Session 3: PJM Response to Stakeholder Presentations
- Session 4: Path Forward

Does **NOT** replace the standard stakeholder Process
