# Product Details

[Data Viewer](#) allows users to view operational and market data graphically

## Key Product Features

- Display real-time LMPs, IT SCED forecasted LMPs, Dispatch Rate, etc.
- Customizable data plots and graphs

[eDataFeed](#) is a web service that allows subscribers to select and “stream” PJM locational marginal price data, as well as some operational data directly into their system. eDataFeed delivers information in a format called Simple Object Access Protocol (SOAP) that enables data capture, analysis and decision support to meet the trading, risk management and business decisions of PJM’s members (customers).

## Key Product Features

- Allows for automated data retrieval

[Account Manager](#) is used to create accounts and request and grant access to PJM's tools and website.

## Key Product Features

- Grants access to PJM Tools
- Member CAMs can determine and regulate access for their respective companies

[Voting](#) facilitates voting at the Markets and Reliability Committee and Members Committee meetings.

## Key Product Features

- Facilitates voting at the Markets and Reliability Committee and Members Committee meetings
- Vote tallying and reporting, the tool also allows both on-site and remote meeting attendees to cast votes for agenda items presented to the membership for voting
