**Manual 14D – Generator Operational Requirements
Revision 54
Effective Date: 04.21.2021**

Section 5.3.7 Resource Tracker

- Changed *Market Participants are requested* to *Generator Owner, or designated agent, is required*
- Changed the *Transferee ("to" Member/Company) must confirm the resource* to *Generation Owner, or designated agent, is required to confirm the ownership information*

Resource Tracker will be the sole source for critical unit ownership data.

- Ensure data remains at the unit level.

Improve ease of use.

Create ability to see large amounts of data quickly.

Create a consistent approach for entering data and contact information.

- Eliminate need for multiple data entry points.

Aligns with the look and feel of other PJM Tools.

Enhanced framework for security and maintenance.

# Product Details

[Account Manager](#) is used to create accounts and request and grant access to PJM's tools and website.

**Key Product Features**

- Grants access to PJM Tools

- Member CAM's can determine and regulate access for their respective companies

Bulletin Board facilitates power contracting activity.

## Key Product Features

- Provides users with access to a larger pool of buyers and sellers of contracts for electric power

- Allows users to view, post and modify requests to buy or offers to sell power

Data Viewer allows users to view operational and market data graphically.

**Key Product Features**

- Display real-time LMPs, IT SCED forecasted LMPs, Dispatch Rate, etc.
- Customizable data plots and graphs

Messages provides updates and important messages regarding PJM tools.

**Key Product Features**

- Used by members to view updates and important messages regarding PJM tools

[Resource Tracker](#) provides generation owners a single view of generator ownership information as recorded across various PJM applications.

## Key Product Features

- Single point mechanism for generator ownership information
  - Ownership changes
  - Energy, Capacity and Ancillary Service Ownership
  - Marketing Company
  - Dispatching Company
- Annual confirmation period
- Created in 2013 to provide a single point mechanism for Generation Owner Information
- In December 2018, Stakeholders endorsed changes to move confirmation period to Annually with a 4 week duration
- In 2019 and 2020, further enhancements were made to field logic and formatting

[Voting](#) facilitates voting at the Markets and Reliability Committee and Members Committee meetings.

**Key Product Features**

- Facilitates voting at the Markets and Reliability Committee and Members Committee meetings

- Vote tallying and reporting

- Tool also allows both on-site and remote meeting attendees to cast votes for agenda items presented to the membership for voting
