

PJM Tools Cloud Migration

As of September 17, 2024

Overview

- Migrate applications from an on-premise deployment model to a platform as a service (PaaS) cloud deployment model.
- Tools will begin migrating in late 2024.
- Migrations are expected to occur over the next several years.

Benefits

Resilience

Scaling

Efficiency

2024

Legend

◆ Target Release by Application

Product – Action Required	Deadline	Who May Be Affected
Gas Pipeline and Data Viewer in production in Azure environment	End of November	Momentary outage during switchover

Messages will be posted on application home page to alert users of date and time.
