

Networks Roadmap

As of October 10, 2024
Keith Rainer
Network Infrastructure

- External Wildcard Certificate Reminder
- Upcoming Network Maintenance

- The first working session with PJM SME's was held Sept. 26. The standard process for adding the certificate was reviewed and questions were answered.
- The second date is still scheduled for Oct. 23, also from 1 - 3 p.m. Please continue to encourage your IT staff to attend so that we may ensure a smooth transition.
- The intended audience is application developers and other IT personnel who will be performing the certificate work.

- Register for the workshop:
<https://www.pjm.com/committees-and-groups/meeting-center.aspx>
- The intermediate/root certificates are available now. Please work with your IT or application team to have it **appended** to the existing certificates in the SSL Trust store. The current certificates should **not** be replaced at this time.
 - Root:
<https://www.digicert.com/kb/digicert-root-certificates.htm#roots>
 - Intermediate:
<https://www.digicert.com/kb/digicert-root-certificates.htm#intermediates>
