PJM-MISO Interregional Transfer Capability Study (ITCS)

- **Scope:** *Informational* study to identify *near-term* upgrades to incrementally enhance transfers between PJM and MISO
- **Modeling**
 - 2032 model year
 - Consider LRTP/LTRTP assumptions
 - PJM and MISO to coordinate on assumptions and methods
- **Analysis**
 - Perform reliability, economic, and transfer analyses
 - Consider normal and extreme weather conditions
- **Timeline:** share results with stakeholders in the first half of 2025
