

DER and Inverter-based Resources Subcommittee

WebEx Only

July 23, 2021

9:00 a.m. – 12:00 p.m. ET

Administration (9:00 – 9:05)

1. Scott Baker opened the meeting and reviewed the agenda.
2. Hamad Ahmed reviewed the meeting participation guidelines. The minutes from the 06/28/21 DIRS and 05/05/21, 06/28/21 and 07/15/21 EDC coordination workshop were approved with 0 objections and 0 abstentions.

Order 2222 – EDC Coordination Workshop (9:05 – 9:45)

3. Joint Utility presentation on market participation requirements (response to PJM straw proposal) has been posted from the July 15 EDC workshop.
 - Chris Wehr, First Energy, inquired if there are any questions or concerns on the presentation.
4. Daniel Moscovitz, PJM, provided an update on operational coordination and utility override.
 - Daniel discussed expectations for override and time frames for override implementation. Furthermore, Daniel also discussed three time frames for overrides during the registration/utility review process, day-ahead and in real-time.
 - Stakeholders asked for clarifications on slide 3 by combining boxes “3” and “4” and updated the language associated with them.

Order 2222 – DER Aggregation (9:45 – 11:55)

5. PJM Staff presented draft proposed terminology associated with Order 2222 DER market participation model.
 - Danielle Croop, PJM, reviewed several terms for the development of the new DER rule under order 2222.
 - Stakeholders requested that the terminology sheet be posted to the DIRS landing page, rather than within the meeting materials of each meeting, for easier access and visibility. Scott Baker also suggested it get posted in a format that stakeholders could edit on their own so as to provide feedback or suggestions easier.
6. PJM Staff presented an update on DER use cases.
 - Madelyn Beban, PJM, started with reviewing the purpose of developing use cases within the stakeholder process, the 5 use cases that PJM has outlined so far, and the rationale behind each use case. Maddie also discussed use case characteristics and reviewed two use cases.

- Danielle reviewed several key topics such as registration, size requirements, locational and weighting factors, telemetry, market participation eligibility, cost-based offers, metering and performance & settlements associated with use cases 1 and 4. Danielle also reviewed several examples of the use case(s) within the topics.
 - Danielle discussed different information needed for modeling such as capability factors, location factors, modeling impact factor and weighting factors.
 - Stakeholders asked for additional information and clarification around how the capability factor for solar would be determined, how distribution topology affects modeling impact factors (i.e., how can a single DER affect multiple transmission nodes), and asks for updates to the settlement example in use case 1 to reflect existing provisions for solar commitment in the day-ahead energy market.
7. Scott Baker, PJM, urged stakeholders to review and/or add items of interest to the parking lot tab of the compliance matrix. In the interest of time, there were no discussions on the compliance matrix.

Action items and next meeting agenda (11:55 – 12:00)

8. The facilitation team reviewed action items from the meeting and took requests for future agenda items.
- Scott Baker notified stakeholder that meeting dates and times in August and September are subject to change to ensure we create enough time to work through the PJM updated proposal and other outstanding issues to be discussed.

<i>Future Meeting Dates and Materials</i>			Materials Due to Secretary 	Materials Published
Date	Time	Location	5 p.m.	4 p.m.
<i>August 10, 2021–EDC Coordination workshop</i>	3:00 – 5:00	WebEx	August 2, 2021	August 5, 2021

Antitrust:

You may not discuss any topics that violate, or that might appear to violate, the antitrust laws including but not limited to agreements between or among competitors regarding prices, bid and offer practices, availability of service, product design, terms of sale, division of markets, allocation of customers or any other activity that might unreasonably restrain competition. If any of these items are discussed the chair will re-direct the conversation. If the conversation still persists, parties will be asked to leave the meeting or the meeting will be adjourned.

Code of Conduct:

As a mandatory condition of attendance at today's meeting, attendees agree to adhere to the PJM Code of Conduct as detailed in PJM Manual M-34 section 4.5, including, but not limited to, participants' responsibilities and rules regarding the dissemination of meeting discussion and materials.

Public Meetings/Media Participation:

Unless otherwise noted, PJM stakeholder meetings are open to the public and to members of the media. Members of the media are asked to announce their attendance at all PJM stakeholder meetings at the beginning of the meeting or at the point they join a meeting already in progress. Members of the Media are reminded that speakers at PJM meetings cannot be quoted without explicit permission from the speaker. PJM Members are reminded that "detailed transcriptional meeting notes" and white board notes from "brainstorming sessions" shall not be disseminated. Stakeholders are also not allowed to create audio, video or online recordings of PJM meetings. PJM may create audio, video or online recordings of stakeholder meetings for internal and training purposes, and your participation at such meetings indicates your consent to the same.

Participant Identification in Webex:

When logging into the Webex desktop client, please enter your real first and last name as well as a valid email address. Be sure to select the "call me" option. PJM support staff continuously monitors Webex connections during stakeholder meetings. Anonymous users or those using false usernames or emails will be dropped from the teleconference.

<p>On the Phone, Dial</p>  <p>*6</p> <p>to Mute/Unmute</p>	<p>Linking Teleconference Connection to Webex</p> <p>When logging in to the meeting, access Webex first and select the "call me" feature to receive a direct call to your phone. Using this feature will connect your name to your Webex presence.</p>
---	---

<p>Join a Meeting</p>	<ol style="list-style-type: none"> 1. Join meeting in the Webex desktop client 2. Enter name (<i>First and Last*</i>) and corporate email 3. Under "Select Audio Option" select "Call Me" option from the dropdown menu
------------------------------	--

**Note: Anonymous users or those using false usernames or emails will be dropped from the teleconference.*
