

# Duplicate Registration Process

**DRS**  
**November 13, 2012**

I can live with solution 1: If both CSPs affirm that the customer chose them, registration with the most recent Contract Date is allowed and registration with oldest Contract Date is not allowed:

<b>Solution 1</b>			
	Yes	No	Abstain
Electric Distributor	3	15	0
End User Customer	0	9	0
Generation Owner	0	1	1
Other Supplier	5	19	1
Transmission Owner	1	20	0
<b>Total</b>	12%	88%	

I can live with solution 2: If both CSPs affirm that the customer chose them, registration with the oldest Contract Date is allowed and registration with most recent Contract Date is not allowed:

<b>Solution 2</b>			
	Yes	No	Abstain
Electric Distributor	4	14	0
End User Customer	0	9	0
Generation Owner	1	1	0
Other Supplier	9	15	1
Transmission Owner	12	9	0
<b>Total</b>	<b>35%</b>	<b>65%</b>	

I can live with solution 3: If both CSPs affirm that the customer chose them, neither registration is allowed until customer reconciles with CSPs and chooses one registration:

<b>Solution 3</b>			
	Yes	No	Abstain
Electric Distributor	18	0	0
End User Customer	9	0	0
Generation Owner	1	1	0
Other Supplier	14	11	0
Transmission Owner	10	11	0
<b>Total</b>	<b>69%</b>	<b>31%</b>
