

# M11 Updates for Location Fields

DRS

January 30, 2019

Action Required	Deadline	Who May Be Affected
<p>Review Manual 11 Changes prior to MIC endorsement</p> 	<p><b>03/06/2019</b></p> 	<p>Curtailment Service Providers</p> 

- Additional Distributed Energy Resource (DER) data captured in DR Hub
  - Individual generators instead of aggregating
  - Capture battery information
  - Refine/add to existing generator attributes
- Provides transparency for DER participating in Demand Response and to increase data accuracy for reporting
- Discussed at Demand Response Subcommittee prior to system enhancement and fields were modified based on stakeholder input
- M11 Section 10.2.2, redline version posted
