

# 2022 PJM Grid Security Drill

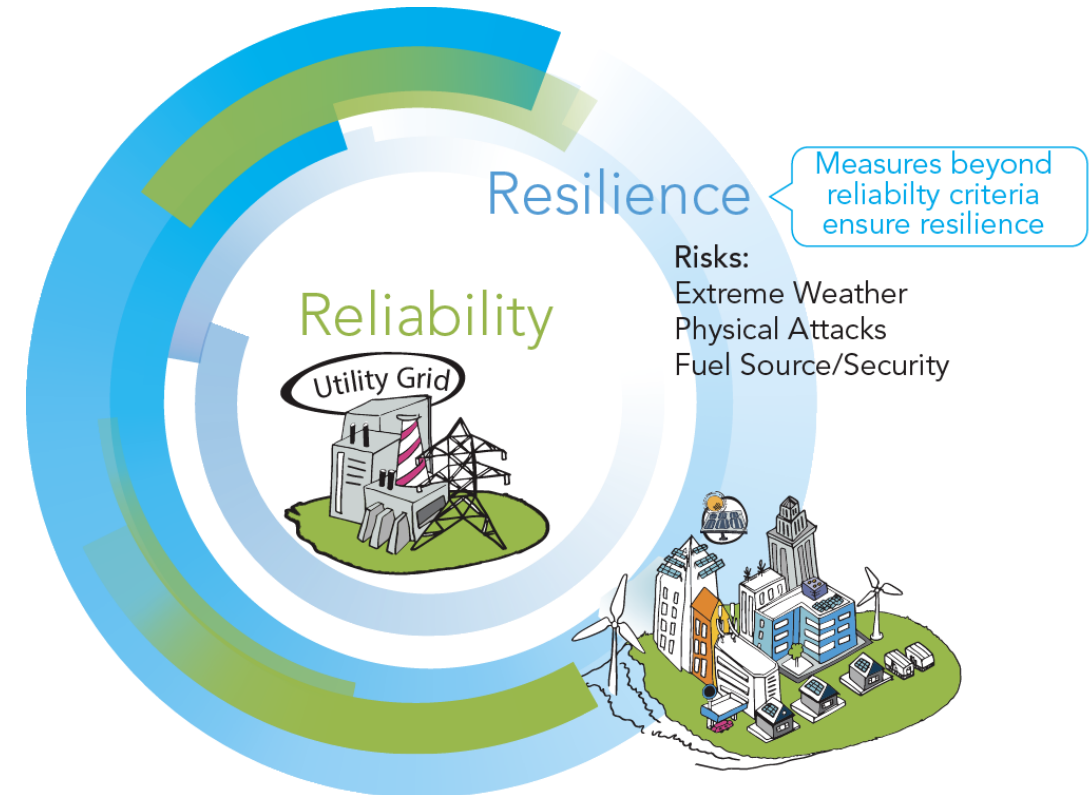

February 2022

Rebecca Gerber, Sr. Operator Trainer

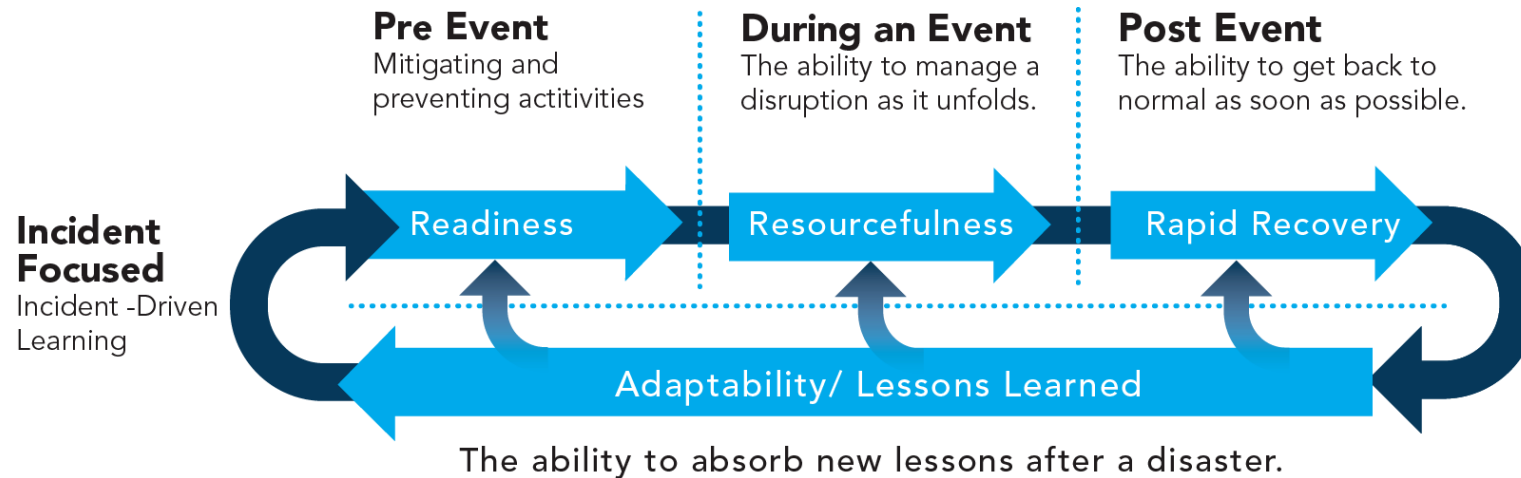

On November 8<sup>th</sup>, 2022 PJM will conduct a system-wide exercise to assess the readiness of incident response in the event of operations disruptions as a result of a physical and cyber events.

- Incident recognition
- Triage and escalation procedures
- Assessment of external reporting requirements
- Coordination and communications between PJM and transmission owners / generation owners

Demonstrate incident response and capabilities of PJM and transmission owners and generation owners within PJM’s control area.

- Implement PJM routine and emergency procedures as necessary to maintain the reliability of the bulk electric system.
- Exercise communication channels.
- Identify and document opportunities to improve roles, protocols, plans and facilities during a crisis.
