

Load Analysis Subcommittee
Teleconference / Web conference
September 10, 2019
1:00 p.m. – 4:00 p.m. EPT

Administration

1. Mr. John Reynolds called the meeting to order and reviewed the Agenda. Ms. Molly Mooney reviewed the Anti-trust, Code of Conduct, and Media Participation Guidelines. Attendance will be recorded from the list of WebEx attendees.
2. Ms. Mooney announced the upcoming 2019 Stakeholder Satisfaction Survey and an updated IP address that needs to be shared with stakeholder IT support. The IP address 13.111.63.217 should be whitelisted by your IT support team.
3. The Load Analysis Subcommittee reviewed and approved the draft minutes from the August 6, 2019 meeting. No changes were requested. Minutes will be posted as final.

Load Forecast Model Development

4. Proposed Load Forecast Model Enhancements Update

Mr. Andrew Gledhill, PJM, presented ongoing work and updates to the proposed load forecasting model. PJM plans to review model updates with the Planning Committee at their September 12, 2019 meeting.

Informational Postings

IHS forecast

PJM is currently working with IHS who will provide the updated distributed solar generation forecast for the 2020 Load Forecast Report.

Moody's Economic Write-up

PJM has decided to discontinue the inclusion of an economic write up in the 2020 Load Forecast Report.

Peak Shaving Adjustments

PJM has posted the reporting template for Peak Shaving Adjustment (PSA) Plans at <https://www.pjm.com/planning/resource-adequacy-planning/load-forecast-dev-process.aspx> (under Interruptible Load Resources). **The deadline for submission for inclusion in the 2020 PJM Load Forecast is Monday, September 16, 2019.** PJM will work with program administrators to finalize the templates by September 30. Approved Peak Shaving Adjustment Plans will then be incorporated into the 2020 PJM Load Forecast which will be released in late December.

In Attendance
