Charlotte A. Mitchell
Chair, North Carolina Utilities Commission
President, Organization of PJM States, Inc.
cmitchell@ncuc.net

Dear President Mitchell,

Thank you for your correspondence dated July 25, 2023 wherein the Organization of PJM States, Inc. (OPSI) expresses its desire for continued collaboration and engagement between OPSI and PJM to specifically advance a forward energy attribute market (FEAM) construct. PJM is happy to continue our engagement in the matter, and PJM agrees with OPSI that a schedule to proceed should acknowledge the significant work that is currently occurring within the PJM stakeholder process involving both PJM and OPSI staff.

This has been a positive effort between PJM and OPSI.

Sincerely,

Manu Asthana
President & CEO, PJM Interconnection LLC
