

Draft Poll

Carbon Pricing Senior Task Force
July 29, 2020

- Gain input on a path forward for the CPSTF

- Stage 1 of the CPSTF Issue Charge
 - focused on education & analysis studying the potential impacts of a regional or sub-regional carbon price and potential leakage mitigation mechanisms in order to inform stakeholders and policy-makers.
- Stage 2 of the CPSTF Issue Charge
 - Contemplates the development of a common set of rules to implement carbon pricing & manage leakage, where appropriate.
 - Deliverables include the creation of, or potential revisions to, energy market rules related to any regional or sub-regional carbon pricing mechanism.

1. Feedback on path forward for the Carbon Pricing Senior Task Force

- What is your preferred path forward? (pick one of the following options)
 - Continue to focus on education and analysis and do not start Stage 2 development of market rules until certain criteria are met.
 - Continue education and analysis and start Stage 2 development of market rules.
 - Wrap up education and analysis and start Stage 2 development of market rules.
 - Sunset the CPSTF until certain criteria are met.

2. EDUCATION & ANALYSIS

- If you prefer to continue education and analysis, please comment on areas where additional education or analysis is needed.

3. CRITERIA

- To the extent you believe certain criteria must exist prior to initiating Stage 2 rule development or continuing with task force activities, please explain.

4. MARKET RULE DEVELOPMENT PRIORITIES

- To the extent you believe the task force should start Stage 2 rule development in the near term, what areas of market rule development do you think this task force should begin with?

- Issue the Poll after the July 29 meeting
- Provide results at the next meeting after the poll
