

## VOTING RESULTS – LONG-TERM CAPACITY AUCTION

Capacity Senior Task Force (CSTF)

June 13, 2012

### **Background**

Following a WebEx straw poll conducted in the CSTF meeting on June 6<sup>th</sup> regarding how to proceed with development of a Long-term Capacity Auction (LTCA) construct, the following vote was taken between June 7<sup>th</sup> and June 11<sup>th</sup>. The vote is intended to provide data to the MRC on how the group should proceed with a FERC filing due August 1<sup>st</sup> and future work on the issue of developing a LTCA. This vote was open to members and affiliates, and is not sector weighted.

### **Voting Questions**

*Question 1: Please select one option regarding the development of business rules for a Long-Term Capacity Auction by the Capacity Senior Task Force (CSTF).*

1. Stop - Stop working on development of a Long-Term Capacity Auction.
2. Continue - Continue working on development of a Long-Term Capacity Auction.

*Question 2: If the group continues the development of business rules for a Long-Term Capacity Auction, which of the following timelines is most preferable.*

1. Continue; current timeline - Continue working on development of a Long-Term Capacity Auction for an August 1, 2012 FERC Filing date in order to implement prior to the 2013 BRA.
2. Continue; pre-2013 BRA Target - Continue working on development of a Long-Term Capacity Auction and target an October 1, 2012 FERC Filing date in order to implement prior to the 2013 BRA.
3. Continue; pre-2014 BRA Target - Continue working on development of a Long-Term Capacity Auction and target an October 1, 2013, or earlier, FERC Filing date in order to implement prior to the 2014 BRA.

### **Results (out of 128 votes)**
