

Exemption for Mass Market Customers

4) The Demand Resource is comprised of mass market residential customers or mass market Small Commercial Customers which collectively cannot be notified of a Load Management event within a 30-minute timeframe due to unavoidable communications latency, in which case the requested notification time shall be no longer than 120 minutes.

(note: the above language appears in the Tariff and OA)

Corresponding New Definition

Small Commercial Customers

Commercial, retail, electric end-use customers of an electric distribution company each having annual peak demand less than 20kw.

OATT and OA Section 8.5 Pre-Emergency Operations

All participants in the Emergency Load Response Program shall be subject to the pre-emergency procedures herein, unless the participant can demonstrate it: (1) relies on Behind the Meter generation to fulfill its load reduction obligations; and (2) it has environmental restrictions, as defined and required by applicable local, state or federal law, ordinances and regulations, on when it can operate such that it is only permitted to operate if PJM is in emergency conditions, in which case the participant shall be subject to the emergency operation procedures contained in Section 8.6. In such case, the Curtailment Service Provider shall submit a request for the relevant Demand Resource(s) to be an emergency (versus pre-emergency)_ Demand Resource to the Office of the Interconnection, at the time the Registration Form is submitted in accordance with this Agreement. A Curtailment Service Provider shall not submit a request for an exception unless it has done its due diligence to confirm that the Demand Resource meets the requirements referenced herein and has obtained from the end-use customer documentation supporting the exception request. The Curtailment Service Provider shall provide the Office of the Interconnection with a copy of such supporting documentation within three (3) business days of a request therefor. Failure to provide such supporting documentation by the deadline shall result in the Demand Resource being subject to the pre-emergency procedures herein.

Other New Definitions

Emergency Load Response Program

The Emergency Load Response Program is the program by which end-use customers may be compensated by PJM for reducing load during an actual or anticipated emergency event, and is described in Section 8 of Schedule 1 of the Operating Agreement and the parallel provisions of Section 8 of Attachment K-Appendix of the Tariff.

Pre-Emergency Load Response Program

The Pre-Emergency Load Response Program is the program by which end-use customers may be compensated by PJM for reducing load prior to an anticipated emergency event ("pre-emergency event"), and is described in Section 8 of Schedule 1 of the Operating Agreement and the parallel provisions of Section 8 of Attachment K-Appendix of the Tariff.
