

## EMU Proposal Phase 2/3 – Package T Summary

### Executive Summary

#### Sponsored by:

David Hastings, Market Interconnection Consulting Services

Stephanie Staska, Apollo Energy Services

Roxie Ward, BioUrja

#### **This package is a combination package for phase 2 and phase 3.**

##### The group proposes the following package for Phase 2:

- The status quo will remain in place, with one change:
- Up to congestion transactions will be charged BOR for deviations charges for both Source and Sink portions of the transaction, BUT
  - The cheaper leg will be credited back.

##### The group proposes the following package for Phase 3:

- Phase 3 be put on hiatus until the impact of the BOR fee can be analyzed by PJM.
- PJM reserves the right to resurrect Phase 3 after 6 months of the fee being implemented.
