

PJM's RPPTF Compliance Filing

RPPTF
5/21/2012

- Commission accepted PJM's proposed modifications to Schedule 6 of the PJM Operating Agreement, subject to compliance filing.
- Compliance Requirement:
 - PJM's proposed revisions to enable PJM to identify and evaluate potential transmission system needs through sensitivity studies, modeling assumption variations and scenario planning analyses that will consider public policy.
 - The Commission directed PJM to submit tariff revisions that broadly clarify how sensitivity studies, modeling assumption variations and scenario planning analyses will be utilized in its RTEP process.

- Proposed Section 1.5.4 (f) Supply of Data provides:
- (f) After the assumptions meeting(s), the Transmission Expansion Advisory Committee and the Subregional RTEP Committees shall facilitate additional meetings and shall post all communications required to provide early opportunity for the committee participants, (as defined in Sections 1.3(b) and 1.3(c) of this Schedule 6) to review and evaluate the following arising from the studies performed by the Office of the Interconnection, including sensitivity studies and scenario analyses: (i) any identified violations of reliability criteria; ~~(ii) and analyses of the economic-market efficiency and operational performance of the transmission system; (iii) potential transmission solutions, including any acceleration, deceleration or modifications of a potential expansion or enhancement based on the results of sensitivities studies and scenario analyses;~~ and ~~(iii)~~ the proposed RTEP. These meetings will be scheduled as deemed necessary by the Office of the Interconnection or upon the request of the Transmission Expansion Advisory Committee or the Subregional RTEP Committees. The Office of the Interconnection will provide updates on the status of the development of the RTEP at these meetings or at the regularly scheduled meetings of the PJM Planning Committee.

- PJM proposes to include tariff language in sections 1.5.3 (Scope of Studies)
 - we first introduce inclusion of sensitivity studies, modeling assumption variations and scenario analyses in the study process.
 - Propose to explain how it such studies and analyses will be used.
- PJM proposes to include tariff language in section 1.5.6 (Development of the Recommended RTEP)
 - Propose to include language to the effect that PJM will explain how the results of such studies and analyses influenced the choice of solutions.
