IV. **Content Path Reorientation:** *Where can I locate moved content?*

The following listed paths are content areas that have moved to different locations within the applicationor received a more noticable name change. The information below has been categorized by RPM Functional areas:

Functions that have either removed or moved locations and/or been renamed	
eRPM path	**Capacity Exchange path**
Load & Obligation -> L&O -> Peak Load	Load & Obligation -> Load & Obligation -> Zonal Load & Obligation Load and Obligation -> Load & Obligation -> Daily Load & Obligation *(Content broken into 2 screens "Zonal load" and "Daily load")*
Load & Obligation -> L&O -> Peak Load Summary	Load & Obligation -> Load & Obligation -> Peak Load Summary
Load & Obligation -> L&O -> NSPL	Load & Obligation -> Load & Obligation -> NSPL
Load & Obligation -> L&O -> NSPL Summary	Load & Obligation -> Load & Obligation -> NSPL Summary
Load & Obligation -> Wholesale Load -> Zone Area Peak Load Allocation	Load & Obligation -> Load & Obligation -> Wholesale Area Load *(content moved under Load & Obligation)*
Load & Obligation -> Wholesale Load -> Zone WN Peak	*(Zone WN Peak screen removed)*
Load & Obligation -> Wholesale Load -> Zone Area Obligation Peak Load	*(Zone Area Obligation Peak Load screen removed)*
Load & Obligation -> PY Parameters	*(PY Parameters screen removed)*
Load & Obligation -> CTR	*(CTR screen removed)*
Load & Obligation -> Zone Areas	*(Zone Areas screen removed)*
Load & Obligation -> PRD	Load & Obligation -> PRD

Resource Position	Resource Position -> Resource Positions	Resource Position -> LDA Summary *(Screen renamed)*
	Resource Position -> Resource Detail -> Generation Resources	Resource Position -> Generation Resources -> Position Details *(Navigation simplified/ "Generation Resources" separated as individual content)*
	Resource Position -> Resource Detail -> Demand Resources	Resource Position -> Demand Resources *(Navigation simplified/ "Demand Resources" separated as individual content)*
	Resource Position -> Resource Detail -> Energy Efficiency Resources	Resource Position -> Energy Efficiency Resources *(Navigation simplified/ "EE Resources" separated as individual content)*
	Resource Position -> Resource Detail -> ILR Resources	*(ILR Resources screen removed)*
	Resource Position -> Resource Detail -> Generation Characteristics	Resource Position -> Generation Resources -> ICAP Ratings *(Screen Renamed and Repositioned)*
	Resource Position -> Resource Detail -> Locational MW Position	Resource Position -> Locational MW *(Navigation simplified/ "Locational MW" separated as individual content)*
	Resource Position -> Resource Detail -> Aggregate Resources	Resource Position -> Aggregate Resources -> Position Details *(Navigation simplified/ "Aggregate Resources" separated as individual content)*
	Resource Position -> Resource Detail -> Aggregate Characteristics	Resource Position -> Aggregate Resources -> Characteristics *(Screen Repositioned)*
	Resource Position -> EFORd	Resource Position -> Generation Resources -> EFOR Values *(Screen Renamed and Repositioned)*
	Resource Position -> Position Graph	*(Position Graph screen removed)*

	Resource Position -> FRR Capacity Plan	FRR
		    -> Summary
		    -> Resource Commitments
		(content moved to its own primary menu)

	Resource Position -> Credit	Credit *(content moved to its own primary menu)*
Transactions	Transactions -> Capacity	Transactions -> Capacity
	Transactions -> Postings	Transactions -> Postings
Performance	Performance -> Peak Hour Period Availability	Performance -> Peak Hour Period Availability -> LDA Results Performance -> Peak Hour Period Availability -> Resource Results *(Content broken into 2 screens)*
	Performance -> Deficiency Summary	Performance -> Deficiency Summary
	Performance -> LM Event Compliance	Performance -> LM Event Compliance
	Performance -> LM Test Compliance	Performance -> LM Test Compliance -> Test Results Performance -> LM Test Compliance -> Registration Test Results *(Content broken into 2 screens)*

Auctions	Auctions -> PRD -> Elections	Auctions -> PRD Elections
	Auctions -> PRD -> Results	Auctions -> Auction Results -> PRD Results *(Navigation simplified-> PRD Results moved under "Auction Results")*
	Auctions -> Resource Confirmation	Auctions -> Resource Confirmation
	Auctions -> DR Setup -> Pre-Registration Confirmation	Auctions -> Demand Resource Setup -> Pre-Registration Confirmation
	Auctions -> DR Setup -> Coupled Resources	*(Coupled Resources screen removed)*
	Auctions -> DR Setup -> DR Existing Setup Auctions -> DR Setup -> DR Planned Setup	Auctions -> Demand Resource Setup -> Resource Setup *(Contents of "DR Existing Setup" and "DR Planned Setup" combined into one screen)*
	Auctions -> DR Setup -> DR Historical Data	Auctions -> Demand Resource Setup -> Demand Resource Historical Data
	Auctions -> EE Setup -> EE Existing Setup Auctions -> EE Setup -> Planned Setup	Auctions -> Energy Efficiency Setup *(Contents of "EE Existing Setup" and "EE Planned Setup" combined into one screen)*
	Auctions -> EE Setup -> Setup Summary	*(EE Setup Summary Screen Removed)*
	Auctions -> Buy & Sell -> Resource Offer	Auctions -> Buy & Sell -> Resource Offer
	Auctions -> Buy & Sell -> Capacity Bids	Auctions -> Buy & Sell -> Capacity Bids
	Auctions -> Buy & Sell -> Transmission Offers	Auctions -> Buy & Sell -> Qualified Transmission Offer *(Screen Renamed)*
	Auctions -> Buy & Sell -> Self Scheduling	Auctions -> Buy & Sell -> Flexible Self Scheduling Parameters *(Screen Renamed)*
	Auctions -> Auction Results -> Resource Offer Result	Auctions -> Auction Results -> Resource Offer Segments *(Screen Renamed)*
	Auctions -> Auction Results -> Capacity Bid Result	Auctions -> Auction Results -> Capacity Bids
	Auctions -> Auction Results -> Trans. Offer Result	Auctions -> Auction Results -> Qualified Transmission Upgrade Offers *(Screen Renamed)*
	Auctions -> Auction Results -> Self Scheduling Offer Result	Auctions -> Auction Results -> Flexible Self Scheduling Offers *(Screen Renamed)*
	Auctions -> Participant Auction Results	Auctions -> Auction Results -> Resource Offer Results *(Navigation simplified-> Participant Auction Results moved under "Auction Results")*
	Auctions -> Mitigation	*(Mitigation screen removed and "Offer Cap" information from Mitigation screen moved to Auction Results -> Resource Offer Segments screen)*
Administration	Administration -> Version Info	*(Version Info screen removed and "Version Info" content moved to bottom of the application)*
