# Create Working from Denied/Withdrawn Profiles

Day-ahead Bids now have an option to create new WORKING profiles from existing DENIED or WITHDRAWN profiles.

The options will be disabled unless valid DENIED and WITHDRAWN profiles exist

Clicking the Copy button in the Actions column will populate the Start, Stop, and MW fields

The screenshot shows a software interface for adding energy. On the left, there is a form with three fields: 'Start' (02/17/2017, 20:00), 'Stop' (02/17/2017, 21:00), and 'MW' (45). Below the form is an 'Add Energy' button. On the right, there is a table with columns: Status, Start, Stop, MW, Price, and Actions. The table contains two rows of 'Working' intervals. The 'Copy' button in the Actions column of the second row is highlighted with an orange box. An orange arrow points from this button to the 'Start' field of the form. The table also includes a 'Records Per Page' dropdown set to 5, navigation buttons, and a total of '(1 of 1)' records. The bottom right corner of the table shows 'Working MWh: 95.0'.

Status	Start	Stop	MW	Price	Actions
Working	02/17/2017 18:00	02/17/2017 19:00	50		 
Working	02/17/2017 20:00	02/17/2017 21:00	45		 

Day Ahead and Reserve Ramp pages both contain a Total MWh field.

Day Ahead ▾ Withdraw ▾ Create Working From ▾

Day Ahead ID  Status  Owner

Update Agent  Priority Time  **Total MWh**

Ramp Reservation ▾ Withdraw ▾ Resubmit ▾ Create Working From ▾ Check Ramp ▾ Ov

Ramp Res ID  Nerc Tag ID

Owner  **Total MWh**

Profile tables contain a field to display Working MWh.

Records Per Page: 5 (1 of 1)

Status	Start	Stop	MW	Price	Actions
Working	02/17/2017 18:00	02/17/2017 19:00	50		
Working	02/17/2017 19:00	02/17/2017 20:00	60		

**Working MWh: 110.0**

Day Ahead Bid 02/17/2017 to 02/17/2017 Last Refreshed 17:45:30

Records Per Page: 15 (1 of 1)

Day Ahead ID	Profile Status	Type	Oasis ID	Start Time	Stop Time	Requested MW	Cleared MW
T3494296	Accepted	Dispatchable	4863032	02/17/2017 00:00	02/17/2017 06:00	2	-
T3494296	Cleared	Dispatchable	4863032	02/17/2017 00:00	02/17/2017 05:00	0	-

Previous version of report displayed ACCEPTED and CLEARED profiles as separate rows. Cleared MW column was not utilized.

New version of report shows one row. The status shows ACCEPTED until the bid attains a CLEARED status. The Requested MW and Cleared MW columns display each profile's MW value side-by-side.

Day Ahead Bid 02/19/2017 to 02/19/2017 Last Refreshed 17:37:02
