Re: *Baltimore Gas and Electric Company*, Docket No. ER09-1100-000,
Errata to Informational Filing of 2019 Formula Rate Annual Update

Dear Ms. Bose:

On May 8, 2019, Baltimore Gas and Electric Company (“BGE”) posted on the PJM Interconnection, L.L.C. website, filed with the Federal Energy Regulatory Commission, and served its 2019 Annual Update effective June 1, 2019.

It has come to BGE’s attention that row 172 of its Attachment H-2A spreadsheet contains an inadvertent error. Accordingly, BGE has corrected that entry. For convenience, BGE is hereby reposting, refiling, and re-serving its Attachment H-2A with that corrected worksheet page intact.

All other aspects of the annual update remain the same.

BGE apologizes for any inconvenience this may have caused and appreciates your kind consideration.

Very truly yours,
/s/ Gary E. Guy
