*Re: Errata Filing in PJM Interconnection, L.L.C., Docket No. ER21-1243-\_\_\_\_\_*

Dear Secretary Bose:

On March 1, 2021, PJM Interconnection, L.L.C. (“PJM”) submitted, *via* eTariff, proposed revisions to PJM’s Open Access Transmission Tariff (“Tariff”), Amended and Restated Operating Agreement of PJM Interconnection, L.L.C (“OA”) and the Reliability Assurance Agreement among Load Serving Entities in the PJM Region (“RAA”) to amend the Price Responsive Demand rules so that there is no longer a need to differentiate between a Load Serving entity versus any other PJM Member that provides a Price Responsive Demand.

Due to an administrative error, the effective date was erroneously entered as November 2, 2020 in eTariff for the RAA- Definitions section instead of June 1, 2021 as requested in the transmittal letter. To remedy this error and to retain the intended proposed effective date for this section, PJM submits this *errata* filing to RAA – Definitions with the corrected eTariff metadata of June 1, 2021 concerning the effective date for this eTariff record. In addition to this correction, PJM is also amending the requested order date by modifying the proposed effective date for the title sheet of Tariff, Attachment K-Appendix to May 3, 2021 in compliance with the 60 day notice provision.<sup>1</sup>
