Submitted via eTariff, Filing Type 80

**RE: PJM Interconnection, L.L.C. Public Service Electric and Gas Company
Docket No. ER20-2004-005, Compliance Filing (Part II of II)**

Earlier this afternoon Public Service Electric and Gas Company (“PSE&G”) submitted, through PJM Interconnection, L.L.C. (“PJM”),¹ a compliance filing in response to the Order on Compliance that the Commission issued on January 18, 2024 in the above-captioned docket addressing PSE&G’s compliance filing in response to the requirements of Order No. 864.² *Public Service Electric and Gas Company, PJM Interconnection, L.L.C.*, 186 FERC ¶ 61,032 (2024) (the “January 18 Order”). That filing was assigned Accession No. 202403185205.

As explained in the transmittal letter to the compliance filing, due to eTariff XML file size limitations, it was necessary for PSE&G to submit its compliance filing in two parts (i.e., Part I and Part II).³ PSE&G hereby submits Part II of its compliance filing, consisting of the following:

¹ Pursuant to Order No. 714, this compliance filing is submitted by PJM on behalf of PSE&G as part of an XML filing package that conforms to the Commission’s regulations. *Electronic Tariff Filings*, 124 FERC ¶ 61,270 (2008). PJM has agreed to make all filings on behalf of the PJM Transmission Owners in order to retain administrative control over the PJM Tariff. Thus, PSE&G has requested PJM submit this filing to update the Attachment H-10A in the eTariff system as part of PJM’s electronic Intra PJM Tariff.

² *Public Utility Transmission Rate Changes to Address Accumulated Deferred Income Taxes*, Order No. 864, 169 FERC ¶ 61,139 (2019), *order on reh’g & clarification*, Order No. 864-A, 171 FERC ¶ 61,033 (2020).

³ To address issues relating to eTariff XML file size limitations, other PJM Transmission Owners have taken a similar approach of submitting its filing into two parts. *See, e.g., PJM Interconnection, Potomac Electric Power Company*, Docket No. ER21-83 (Pepco’s May 12, 2022 submission of a filing consisting of two parts).
