Reference: Tariff Revisions re: Preemption of Non-Firm PTP Transmission Service

On August 25, 2021, PJM Interconnection, L.L.C. (PJM) filed revisions to section 14.2 of its Open Access Transmission Tariff.¹ PJM states that the revisions provide that requests for longer duration Non-Firm Point-to-Point Transmission Service (Non-Firm PTP) will not preempt previously granted shorter duration Non-Firm PTP requests. PJM explains that eliminating the right of first refusal on duration priority that currently exists in section 14.2 is necessary to avoid expected adverse interactions between PJM's transmission reservation procedures and the latest version of the Business Practices and Communication Protocols for Public Utilities adopted by the Wholesale Electric Quadrant of the North American Energy Standards Board. PJM requests that the revisions be accepted effective October 25, 2021.
